Subject: USAC Window Waiver Request

USAC Form 471, Application # 875930

Billed Entity Number (BEN): 387

To whom it may concern,
Please accept my request for a **filing window waiver** for our e-rate discount application, form 471.

At a time when our school is already suffering from the economic downturn and insufficient funding, losing the e-rate discount will further handicap our educational program.

Our form 471 was posted on April 11, 2012 and Form 470 Receipt dated April 23, 2012. The Allowable contract date wasn't until today, May 9, 2012.

I did not receive any bids during the 28 day window and am only asking for phone and internet discounts.

I am new to the e-rate process and trying to incorporate it into a part time business director job.

Please let me know if you need any more information.
